International Journal of Statistics, Econometrics and Data Analysis Applications (IJSEDAA)

IJSEDAA

The International Journal of

Statistics, Econometrics and Data Analysis Applications

‹www.ijsedaa.uhp.ac.ma›

Home

Welcome to the **International Journal of Statistics, Econometrics and Data Analysis Applications (IJSEDAA)**, a premier peer-reviewed journal dedicated to advancing cutting-edge research in statistics, econometrics, and data analysis. Our mission is to bridge theoretical innovation with practical applications, fostering interdisciplinary collaboration among researchers, academics, and practitioners in mathematics, economics, finance, computer science, and social sciences.

Explore our high-quality, original research articles, methodological reviews, case studies, and computational tools that tackle complex challenges in quantitative analysis. With a focus on emerging trends like big data analytics, machine learning in econometrics, and data-driven decision-making, IJSEDAA is at the forefront of shaping the future of quantitative research.

Key Features:

- **Rigorous Peer Review**: Ensuring scientific excellence and impact.
- **Gold Open Access**: Freely accessible full-text articles under Creative Commons CC BY 4.0.
- **Half-Yearly Publication**: Stay updated with the latest advancements in the field.
- **Hosted by**: LM2CE Laboratory and Faculty of Economics and Management, University Hassan 1st, Settat, Morocco.

Join our global community of scholars and practitioners. Submit your research or explore our publications today!

About IJSEDAA

The **International Journal of Statistics, Econometrics and Data Analysis Applications (IJSEDAA)** is a peer-reviewed, open-access scientific journal committed to advancing pioneering research in statistics, econometrics, and data analysis applications. Our mission is to provide a dynamic platform for high-quality, original research that bridges theoretical advancements with practical applications.

We foster interdisciplinary collaboration, uniting scholars and practitioners from diverse fields such as mathematics, economics, finance, computer science, and social sciences. IJSEDAA emphasizes innovative methodologies, including advanced statistical modeling, econometric techniques, and data-driven approaches, with a particular focus on economic decision-making and policy-relevant applications.

Scope:

- Theoretical and applied research in statistics and econometrics.
- Methodological reviews and computational tools.
- Case studies addressing real-world quantitative challenges.

- Emerging trends in big data analytics, machine learning in econometrics, and data science for socio-economic systems.

Editorial Board

The **IJSEDAA Editorial Board** comprises distinguished scholars and experts in statistics, econometrics, and data analysis, ensuring the highest standards of peer review and scientific rigor. Our board is dedicated to maintaining the journal's commitment to quality, innovation, and impact.

Interested in joining our Editorial Board?
We welcome applications from experienced researchers with expertise in statistics, econometrics, data science, or related fields. Please contact us at ijsedaa@uhp.ac.ma with your CV and a brief statement of interest.

Note: Specific editorial board member names and affiliations will be updated here once finalized by the IJSEDAA Editorial Board.

Submission Guidelines

IJSEDAA welcomes submissions of original research articles, methodological reviews, case studies, and computational tools that advance the fields of statistics, econometrics, and data analysis. We encourage contributions that explore innovative methodologies, interdisciplinary approaches, and emerging trends such as big data analytics and machine learning in econometrics.

Submission Requirements:

- **Manuscript Types**: Research articles, reviews, case studies, or computational tools.
- **Formatting**: Manuscripts should be submitted in PDF or Word format or Latex, following the journal's template (downloadable here).
- **Language**: English.
- **Length**: Research articles (5,000–8,000 words), reviews (3,000–5,000 words), case studies (2,000–4,000 words).
- **Abstract**: 150–250 words, summarizing the research objectives, methods, and findings.
- **Keywords**: 4–6 keywords for indexing purposes.
- **References**: Chicago style, ensuring consistency.

Submission Process:

1. Prepare your manuscript according to the journal's guidelines.

2. Submit via our online submission portal (https://revues.imist.ma/index.php/IJSEDAA)
3. Manuscripts undergo a double-blind peer review process, typically completed within 8–12 weeks.
4. Authors will be notified of acceptance, revisions, or rejection with detailed feedback.

Publication Fees: no publication fees are applied (free publications),

Publication Deadline: Rolling submissions, with issues published half-yearly (June and December).

Current Issue

The latest issue of IJSEDAA features cutting-edge research and innovative methodologies in statistics, econometrics, and data analysis. Browse our most recent publications to stay updated on advancements in quantitative analysis.

Volume 1, Issue 1 (Jun, 2026)

- *Article Title 1*: Author(s) – A brief description of the article's contribution. [DOI link]
- *Article Title 2*: Author(s) – A brief description of the article's contribution. [DOI link]
- *Article Title 3*: Author(s) – A brief description of the article's contribution. [DOI link]

Volume 1, Issue 2 (December, 2026)

- *Article Title 1*: Author(s) – A brief description of the article's contribution. [DOI link]
- *Article Title 2*: Author(s) – A brief description of the article's contribution. [DOI link]
- *Article Title 3*: Author(s) – A brief description of the article's contribution. [DOI link]

Note: Full-text articles are freely available under Creative Commons CC BY 4.0. Check back regularly for updates to our current issue.

Archives

Explore the complete collection of IJSEDAA's past publications. Our archives provide open access to all articles, fostering knowledge dissemination and collaboration in the global research community.

Browse by Year:

- 2025: Volume X, Issues X–X
- 2024: Volume X, Issues X–X
- *Older volumes coming soon*

All articles are available under Creative Commons CC BY 4.0. Search by keyword, author, or topic to find relevant research.

For Authors

IJSEDAA is committed to supporting authors in sharing impactful research. Below are resources and guidelines to assist you in preparing and submitting your manuscript:

- **Author Guidelines**: Detailed instructions on manuscript preparation and submission. Download Guidelines
- **Manuscript Template**: Ensure your submission meets our formatting standards. Download Template
- **Peer Review Process**: Learn about our rigorous double-blind peer review process, designed to ensure scientific excellence.
- **Open Access Policy**: All articles are published under Creative Commons CC BY 4.0, ensuring maximum visibility and impact.
- **Article Processing Charges (APCs)**: no publication fees are applied (free publications),

Why Publish with IJSEDAA?

- Global visibility through Gold Open Access.
- Rigorous peer review ensuring high-quality publications.
- Interdisciplinary platform reaching diverse audiences.
- Support for emerging trends in big data, machine learning, and econometrics.

Contact Us

We value your feedback, inquiries, and contributions. Reach out to us for submission inquiries, editorial board applications, or general questions.

News & Announcements

Stay updated on IJSEDAA's latest developments, including calls for papers, special issues, and editorial updates.

- **Call for Papers: Special Issue on Machine Learning in Econometrics**
  Submission Deadline: 03/03/2026

We invite submissions exploring the intersection of machine learning and econometric modeling. Topics include predictive modeling, causal inference, and big data applications.

- **Upcoming Issue**
  Volume 1, Issue 1 will be published in [December, 2026].
